MISSION / GOALS

The VI Domestic Violence and Sexual Assault Council (DVSAC) was formed by the Women's Coalition of St. Croix in an effort to further address oppression and systems advocacy in the Territory. The Articles of Incorporation were signed on January 13, 1997, by Founding members on each island of St. Croix, St. Thomas and St. John and on January 1st, 2013, DVSAC became an independent Territorial organization. Ever since, DVSAC has served the U.S. Virgin Islands community by providing prevention education on domestic violence, sexual assault, dating violence and stalking.

Mission

To coordinate education, prevention, and response efforts in order to reduce the incidents of domestic violence, sexual assault, stalking, and dating violence to make these crimes socially and culturally unacceptable in the USVI.

Our Goals

To accomplish this mission, we promote programs and activities whose purpose are to:

- Support the reduction and eventual elimination of domestic violence and sexual assault in the Territory;
- Support and promote quality programs which empower victims of domestic violence and sexual assault and which hold all perpetrators accountable for their behavior;
- Conduct educational efforts which heighten awareness about the extent and character of domestic violence and sexual assault in the Territory;
- Improve the response of the legal system, service providers, and the media to issues of domestic violence and sexual assault.

SERVICES WE PROVIDE

Community Outreach and Education

Providing **FREE** prevention education presentations to the community of the U.S. Virgin Islands on various topics like:

- Domestic Violence: (Teen Dating Violence, Stalking, Healthy and Unhealthy Relationships, Cyber Stalking, Conflict Resolution, Anger Management, Bullying, Self-Esteem).
- Sexual Assault: (Comfortable and Uncomfortable Touch, Rape, Date Rape, Acquaintance Rape Sexual Harassment in School or Workplace).

People's Court Watch Program

This program uses volunteers and an objective data collection process to monitor the impact of domestic and sexual violence interventions. Its aim is to provide constructive recommendations to the civil and criminal justice systems to ensure effective and efficient court proceedings, safe and fair treatment of victims and accountability for offenders.
